Can multiple stewards have access to edit the same library?

Stewards & Account Setup · https://littlefreelibrary.org/docs/can-multiple-stewards-have-access-to-edit-the-same-library/

No. Every registered Little Free Library can only have one primary steward. The primary steward "claims" the Little Free Library when they set up their steward account. The primary steward has the ability to edit and maintain that library's listing in the app. **By default, the primary steward is the person who purchased the Little Free Library or charter sign from our online store.**

The primary steward may choose to transfer their library to another person. If the other person accepts the transfer request, they become the new primary steward. But there can only be one primary steward per Little Free Library at any given time.
