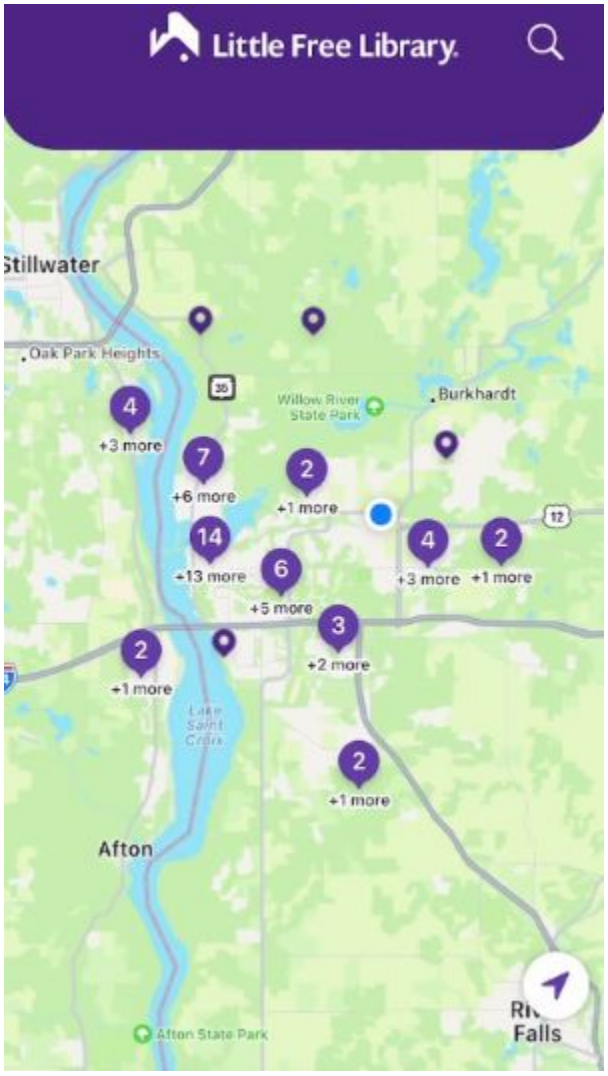
# What are the default map search settings?

All Mobile App Features · https://littlefreelibrary.org/docs/how-many-little-free-libraries-does-the-map-show-me-by-default/

By default, the map will show you Little Free Library book exchanges within five miles of your current location. You can edit the **Search Filters** at any time by clicking the magnifying glass icon in the upper-right corner of your screen.



The **Search Filters** screen lets you adjust your search criteria. You can search by **Near Me**, **Location**, or **Charter Number**. You can filter your search results to show your **Favorites** or only show Little Free Libraries with specific **Tags** like **Need Books** or **New Books Added**.
