# How do I view more information about a Little Free Library on the map?

All Mobile App Features · https://littlefreelibrary.org/docs/how-do-i-view-more-information-about-any-given-little-free-library-on-the-map/

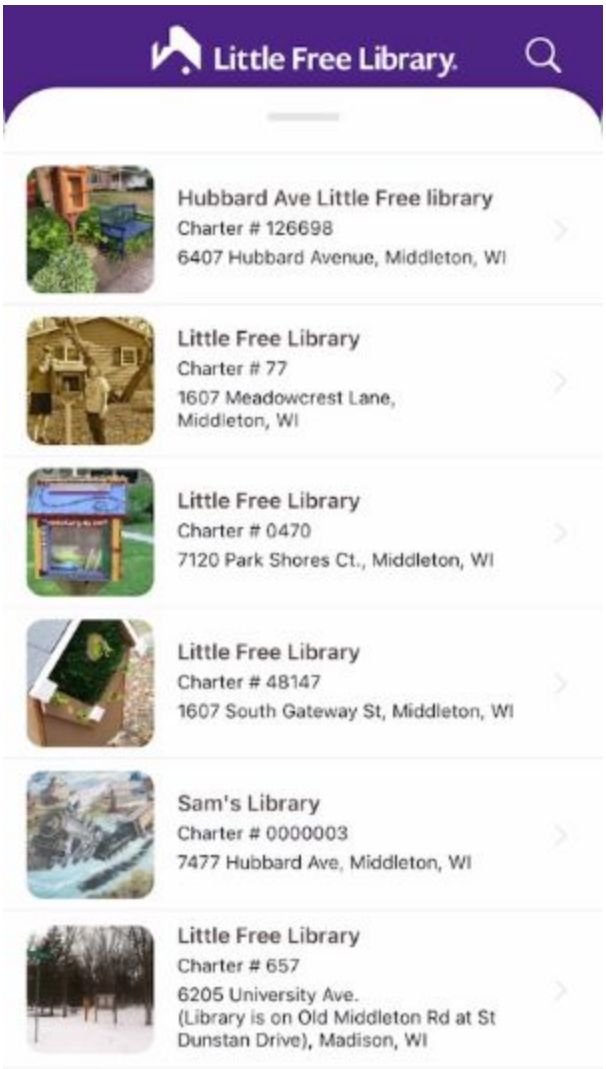

There are a couple of ways to do this! The first way is to tap any pin on the map. A pop-up will appear showing the Little Free Library's name, address, and a photo (if available). Click the **i** icon to open the **Library Detail Screen** and view more information about that library.

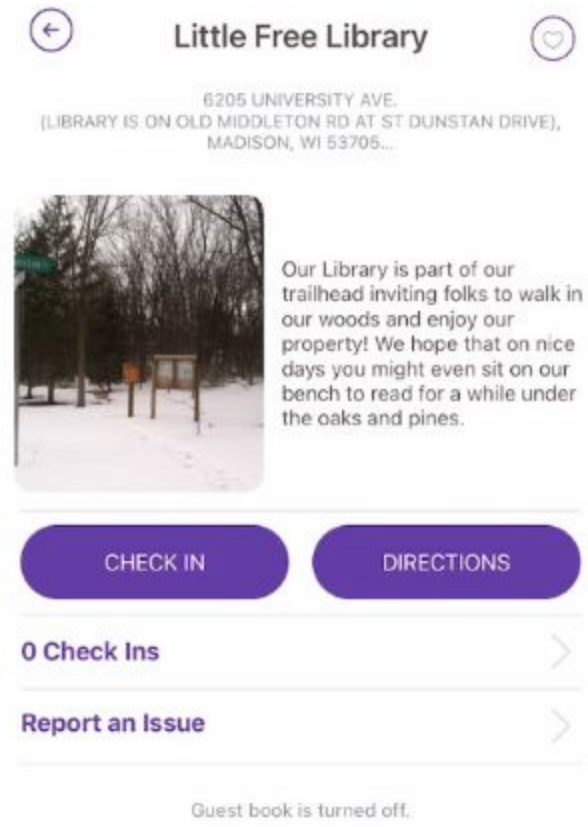

After you click the **i** icon, the **Library Detail Screen** will appear with additional information about the library.

The second way is to slide up the bottom bar to show a list of the Little Free Libraries that you're currently viewing. Click the **>** icon next to any Little Free Library on that list to view more information about that library.

The **Library Detail Screen** will appear with additional information about the library.

Little Free Library
6205 UNIVERSITY AVE.
(LIBRARY IS ON OLD MIDDLETON RD AT ST DUNSTAN DRIVE),
MADISON, WI 53705...
Our Library is part of our trailhead inviting folks to walk in our woods and enjoy our property! We hope that on nice days you might even sit on our bench to read for a while under the oaks and pines.
