Why are some library pins on the map gray or shaped as hearts?

All Mobile App Features · https://littlefreelibrary.org/docs/why-are-little-free-library-pins-on-the-map-different-colors-why-are-some-pins-shaped-as-hearts/

By default, library pins are purple. Your favorited libraries will appear as purple hearts. If you unfavorite a library, its pin will go back to the standard purple pin. After you check in to a library, its pin will turn orange. If you check in to one of your favorited libraries, it will display as an orange heart. A gray pin means a library is temporarily closed, as reported by the library's steward.
