Why do some libraries not have photos?

All Mobile App Features · https://littlefreelibrary.org/docs/why-do-some-libraries-not-have-photos/

Every registered Little Free Library has a volunteer steward who is responsible for maintaining it. The steward is also the person who chooses to add their library's location to the Little Free Library map and app. If the steward does not upload photos of their library, then a generic image of Little Free Library's logo will be used to represent the library in the app.
