

CHARTER SIGN CARE

At Little Free Library, we're dedicated to handcrafting libraries and accessories of the highest quality. Each charter sign is made with care and ready to install when it arrives, but you can go above and beyond to ensure your sign stays in great condition!

General Care

Mount your sign with nails or screws made for outdoor use

If you have an Aluminum Sign

Be sure to remove the clear protective liner prior to installation

If you have a Barn Wood Sign

Paint the backside of your sign with outdoor house paint to prevent mold/rot

Provide extra protection by applying a coat of outdoor varnish to all sides of the sign

Your charter sign has a unique charter number that cannot be replicated, so be sure to take good care of your sign. If something bad does happen, you can purchase a new charter sign and unique charter number at littlefreelibrary.org/join. Be sure to email or call us to let us know if your Library's charter number is changing, too!

Questions? Check out our FAQs at littlefreelibrary.org/faqs or contact us at littlefreelibrary.org/contact-us
