Chapter 19: Recovering from Vandalism and Damage

Show Notes

Chapter 19 Guests

Anne Armstrong

Anne Armstrong (she/her) is a mom, educator, and the founder of My Gnome on the Roam, a brand of toys and tools that help families create adventures and make memories, even in small pockets of time.

Rigel Cummins

Rigel Cummins (he/him) started operating LFL #85175 in early 2019 as part of a data collection project for a college course as part of the Urban Sustainability program at Brooklyn College. The first 2 months of collected data was processed for a final presentation showing the impressive mass and value of paper and other materials that were kept in circulation and out of the waste stream. Since then Rigel has continued to gather additional data which he hopes to use to evaluate how the use of LFLs has changed during the Covid-19 pandemic and related societal upheavals.
